Regarding parent's feedback about college and curriculum, five-point Likert type scale was used to measure the responses from excellent to poor. For this purpose, 84 parents of students randomly selected from various streams. The percentage was calculated by analyzing the reactions to each point. Such as, further activities should be implemented for the skill development of the students, some transportation facilities should be provided for girls traveling long distances. The information of the suggested matters was sent to the management for further action.
